

Manual, Assembly instruction: Brodit 213545

Center mount, High strength mounting platform

Please read the instructions and look at the pictures carefully before installing the bracket. This mounting bracket consists of three parts: Part 1 main part with mounting plate. Part 2 and 3 - support arms.

1. Hook the curved lower edges of Part 1 under the upper edge of the air vent.

2. Press the thin end of the enclosed gap opener into the gap between the air vent and the dashboard to widen the gap, in top of the dashboard. Press the angled edge of Part 2 and Part 3 into the gap next to the gap opener so the support arms are resting on the dashboard. Pull out the gap opener.

3. Place Part 2 and Part 3 under Part 1 so the holes match. Press the enclosed locking screws into place in the holes. Lock the parts together by carefully tightening the screws alternately. It is important not to tighten the screws too hard. Lock the position with an Allen key.

4. The product is in place.
