

Manual, Assembly instruction: Brodit 213566

Left mount, High strength mounting platform. With standard duty pedestal mount 5", length: 132 mm. With ball head and wingnut. AMPS-holes.

Please read all of the instructions and look at the pictures before attaching the ProClip. It is important to install the ProClip first: any holder & equipment is to be attached after the ProClip is in place.

1. Remove the cup holder.
2. Place the round part of the mount in an angled position into the hole and twist it. Wiggle the mount so you feel it is properly in place.
3. Tighten the screws so the round part is firmly in place. Attach the pedestal mount with the enclosed screws.
4. The ProClip is in place.
