Please read all of the instructions and look at the pictures before attaching the mounting plate. It is important to install the plate first: any holder & equipment is to be attached after the plate is in place.

1. Use the enclosed alcohol pad to clean the area where the mounting plate is to be installed. Peel off the adhesive tape covers on the mounting plate.

2. Place the mounting plate onto the ProClip so it is properly in place and the adhesive tape attaches to the dashboard. Attach the mounting plate with the enclosed screws.

3. The mounting plate is in place.

4. The mounting plate is in place.
