

Manual, Assembly instruction: Brodit 215397

Extension plate. Extension plate. With dual AMPS holes and 12 pre-drilled holes.

1.)

2.)

3.)

4.)

Please read all of the instructions and look at the pictures before attaching the place.

1. Press a screwdriver (Philips) firmly through the predrilled holes in the Extension Plate to open them up. (As long as you are using the screws you dont have to peel off the cover of the adhesive tape)
2. Place the Extension Plate onto the ProClip. Screw the Plate onto the ProClip using the enclosed screws.
3. You are now ready to attach two devices to your ProClip Extension Plate.
4. The Extension Plate is in place.
