

Product 215817

215817 Pedestal Mount Swiveling pedestal mount, with angled top part 45°. Black.

The Pedestal Mount with swiveling top is perfect for use on store counter tops, on a boat's flybridge or any other surface where you need a strong mounting solution with the added flexibility of a swiveling top.

The angled top can turn approximately 345°. Height from bottom of pedestal to below the angled top is 117 mm. The angled top has dual AMPS-holes for attachment of any Brodit holder, screws included.
