

Manual, Assembly instruction: Brodit 216070

Tilt Swivel mount with MultiMoveClip.

1.)

2.)

3.)

4.)

Please read all of the instructions and look at the pictures before attaching the mount.

1. Remove the original amount that includes the suction cup: Push the suction cup mount rightwards into a horizontal position. Lift/bend the suction cup assembly/arm so the ball joint comes out of the cup in which it sits.

2. Attach the mount onto your device: Hold the mount horizontally and hook the ball into the hole on the back of your device. Turn the mount into vertical position.

3. Place the MultiMoveClip onto the desired position and screw into place with the enclosed screws. Put the device in place: Slide the device straight downward into the MultiMoveClip so you hear/feel it snaps into place. Remove the device: Press the latch on the MultiMoveClip and lift the device straight upward and out of the MultiMoveClip.

4. The mount is in place.
