

Manual, Assembly instruction: Brodit 216180

Fits devices with pistolgrip. With enclosed tilt swivel.

Please read all of the instructions and look at the pictures before attaching the holder.

1. Installation on vertical surface: Place the enclosed tilt swivel on the back of the holder so the holes match and attach it with the enclosed screws (bag marked SK186). The tilt swivel center screw should be accessible through the center back hole in the holder. **Installation on horizontal surface:** Place the enclosed tilt swivel on the bottom of the holder so the holes match and attach it with the enclosed screws (bag marked SK186). The tilt swivel center screw should be accessible through the center bottom hole in the holder.

2. Installation on vertical surface: Loosen the screw in the center of the holder so you can remove the tilt swivel attaching plate. Place the attaching plate onto the desired position. Screw the attaching plate into place with the enclosed screws. Place the holder over the attaching plate so the screw fits in the hole in the tilt swivel. Tighten the screw until the holder is firmly in place, but still can be adjusted.

3. Installation on horizontal surface: Loosen the screw in the center bottom of the holder so you can remove the tilt swivel attaching plate. Place the attaching plate onto the desired position. Screw the attaching plate into place with the enclosed screws. Place the holder over the attaching plate so the screw fits in the hole in the tilt swivel. Tighten the screw until the holder is firmly in place, but still can be adjusted.

4. The holder is in place.
