

Manual, Assembly instruction: Brodit 216181

Wall mount. With Vesa 75mm and with ø 4 mm AMPS-holes.

1.)

2.)

3.)

4.)

Please read all of the instructions and look at the pictures before attaching the holder.

1. Place the holder onto the desired position and screw into place with the enclosed screws.

2. Carefully connect the charging connector to the device. NOTE: It is very important to hold the connector straight in front of the device and connect it straight into the device (if you angle the connector/place it askew into the device, you risk to damage the connector/device). Place the device onto the backpart of the sleeve. Pull the cable down into the groove. Place the frame over the unit, push the frame into place.

3. To lock: Press the lock button. To unlock: Unlock with key.

4. The mount is in place.
