

Manual, Assembly instruction: Brodit 216310

For E-Bar.

Please read the instructions and look at the pictures before installing the mounting platform.

1. Place the rails under the mounting plate so that the screws fits the holes.
2. Screw the rails a few turns with the included screws. Press the mounting plate into the E-Bar rail.
3. Place the mounting plate in the desired location. Tighten the screws so that the mounting plate is firmly in place.
4. The mounting plate is in place.
