

Manual, Assembly instruction: Brodit 217112

Wall mount with MultiMoveClip. AMPS holes.

1.)

2.)

3.)

4.)

Please read all of the instructions and look at the pictures before attaching the product.

1. Place the printer with the back side facing upward. Remove the two screws in the printer. Place the mount on the printer and slide + press it upward so the hooks interlock in the printer and the holes match.
2. Attach the mount onto the printer using the included two screws. Place the MultiMoveClip into desired position and attach it with the enclosed screws.
3. Put the device into place: Hold the device over the MultiMoveClip. Press it downwards onto the MultiMoveClip so it snaps into place. Remove the device: Press forward on the release lever and slide the device upwards away from the MultiMoveClip.
4. The product is in place.
