

Manual, Assembly instruction: **Brodit 241636**

With MultiMoveClip quick release dock for OtterBox uniVERSE tablet cases. With tilt swivel.

1.)

2.)

3.)

Please read all of the instructions and look at the pictures before attaching the product.

1. To install the MultiMoveClip: Loosen the screw in the center of the MultiMoveClip so you can remove the tilt swivel attaching plate on the back. Place the attaching plate onto the desired position. Screw the attaching plate into place with the enclosed screws. Place the MultiMoveClip over the attaching plate so the screw fits in the hole in the center. Tighten the screw until the MultiMoveClip is firmly in place, but still can be adjusted.

2. Install the plate in your uniVERSE case: Remove the center plug from your OtterBox uniVERSE case. Place the 4-Prong receiver in its place on the inner side. On the outer back side: Place the block over the 4-Prong receiver and attach it with the enclosed screws.

3. To attach the Tablet: Slide the block downward into the MultiMoveClip until it clicks into place. Quick release dock in place with a uniVERSE case. To remove the tablet: Press the release tab and slide the tablet upward out of the MultiMoveClip.

4. Product in place.
