

Manual, Assembly instruction: Brodit 655261

Center mount

Please read the instructions and look at the pictures before attaching the ProClip.

1. Use the enclosed gap opener to remove the coin compartment. The compartment is held into place with two latches shown on the bottom picture. These need to be pressed inward for the compartment to come loose.

2. Make sure the locking screws on the top side of the ProClips base plate are routed towards you. Insert the front edge of the base plate into the space where the coin compartment used to be. Push the ProClip forward.

3. Slide the locking screws forward. Lock the ProClip into place by turning the locking screws using the enclosed Allen Key.

4. The ProClip is in place.
