

Manual, Assembly instruction: Brodit 741287

Passive holder. Fits devices with and without handstrap. With AMPS, Vesa 75/100 holes.

1.)

2.)

3.)

4.)

Please read all of the instructions and look at the pictures before attaching the holder.

1. Place the holder onto the desired position. Screw the holder into place with the enclosed screws.
2. To place the device in the holder: Place the lower part of the device in the holder, then flip/press the upper part forwards so it snaps into place in the holder. Push the locking block downward to lock the unit into the holder.
3. To remove the device from the holder: Slide the locking block upwards. Pull the upper part of the device out from the holder and then lift the device up and out from the holder.
4. The holder is in place.
