### Console mount

1.)

2.)

3.)

4.)

**Please read all of the instructions and look at the pictures before attaching the ProClip mount. It is important to install the mount first: any device holder + equipment is to be attached after the mount is in place. This mount consists of two parts: a faceplate and a mount.**

**1.** Use the enclosed alcohol pad to clean the area where the mount will be installed. Peel off the adhesive tape cover. Place the mount by the accessory tray. Hook the lower edge under the console trim.

**2.** Rotate the mount over the top of the console trim. Press on the side of the mount until the upper edge hooks over the silver accent trim. Ensure the lip sits flush along the edge of the accent trim and the tape makes full contact. .

**3.** Place the included locking washer into the recess on top of the mount. Place the faceplate onto the mount. Adjust the faceplate into the desired angle. Attach the faceplate to the mount with the included screw.

**4.** The ProClip mount is in place.
