Please read all of the instructions and look at the pictures before attaching the ProClip.

1. Press the thin end of the enclosed gap opener into the gap between the center console edge and the side wall, to widen the gap. Press the angled edge on the right side of the ProClip into the gap below the gap opener. Pull out the gap opener.

2. Adjust the ProClip up/down so the little notch in the groove on the left side of the ProClip aligns with the seem between the stereo and the climate control panel. Press firmly forward on the ProClip so the grooved edge snaps into the gap between the stereo/ climate control panel and the surrounding panel frame. Note: If the gap is tight, press the gap opener into the gap to widen it.

3. The ProClip is in place.

4. The ProClip is designed to fit even with the cup holder in an open position.
