

Manual, Assembly instruction: Brodit 855640

Center mount For models with 8" display.

1.)

2.)

3.)

4.)

Please read all of the instructions and look at the pictures before attaching the ProClip.

1. Use the enclosed alcohol pad to clean the area where the ProClip is to be installed. Peel off the adhesive tape covers on the ProClip. Press the enclosed gap opener into the gap between the frame surrounding the control panel. Hook the angled edge on the lower part of the ProClip under the trim, between the control panel. Pull out the gap opener.
2. Press the enclosed gap opener into the gap surrounding the coin compartment.
3. Press the lower part of the ProClip upward, in the same time press the upper part forward so the angled edge hooks over the panel. Pull out the gap opener.
4. The ProClip is in place. The mount can be positioned anywhere within the width of the compartment.
